Smiel Home Wins Award

The Joseph Smiel home in Mokena was awarded first prize in the annual yule decoration contest.

A Nativity scene, built by Mr. Smiel, graced the lawn in front of the house.

Second prize went to Walter Yunker and third place to Russell Anderson.

A \$15 cash award went to the first prize winner while second and third place winners received \$10 and \$5 respectively. The prize money was put up by the Mokena Civic association, which sponsored the contest.

Honorable mention was given the decorations at the homes of James Marti, Harold Clarke, Charles Swanberg and Orville Gamble.

The judges were Willard Blood and Martin Lundquist of Joliet, and the points on which their decisions were reached dealt with the symmetry, attractiveness to the season and suitability to surroundings.

Attorney Ray Hoolehan, who was in charge of the lighting contest this year, said that each season sees an increase of participants.

The Civic group also had charges of the caroling and the distribution of gifts by Santa at the community Christmas tree last Friday night.

Castle Advises County Clerks to Follow Hodge-Downing Law

Attorney General Latham Castle, in a legal opinion preventing an increase of millions of dollars in downstate property taxes, has advised that rate limits on local government taxing power in effect on Dec. 31, 1951 are still in effect and will continue in effect permanently unless increased or decreased by referendum.

A number of county clerks, according to the Taxpayers' Federation of Illinois, were planning to ignore the Hodge-Downing tax rate limit laws in computing tax bills next year on advice of some state's attorneys that these laws had expired. If this were done, the Federation says, it could mean an increase in tax bills through the state running into many millions of dollars.

In his opinion to State's Attorney Walter Boyle of Putnam county, Attorney General Castle reviewed the tax rate limit laws and all subsequent amendments thereto, and concluded that the

Can Register Jan. 19 for Adult School

The first semester adult education classes in various business education subjects at Lincoln-Way have adjourned until 1956. Classes were held in typing, both beginning and advanced, office machines and shorthand. Several of the students have been employed as a result of their attending night classes. A goodly number of the students have been in attendance in hopes of bettering themselves for an advancement on their present position.

A new method of shorthand is being taught at Lincoln-Way adult school this year. A student completes the theory in six hours and the rest of the time is spent on dictation. Most of those who have completed their attendance take dictation from 60 to 80 words a minute.

Office machine students have a wide variety of machines to work on. The computers are plentiful in the department, ten key machines, full keyboard, and type calculators are available. A student has opportunity to use the mimeograph, a fluid duplicator and a flat bed duplicator.

Registration for new classes will be on January 19. The business education department, under the direction of J. Bryce Sardgia, will offer shorthand, either beginning or advanced. Anyone may enroll in the advanced course, regardless of the method they have studied providing they can take at least 50 words a minute. It will be possible for students to take dictation up to 120 words a minute, if this class materializes. Beginning and advanced typing will also be offered, and the popular course in office machines will continue. There are vacancies in it for new beginners.

If anyone is interested in getting more information they may call the high school at New Lenox 2051.

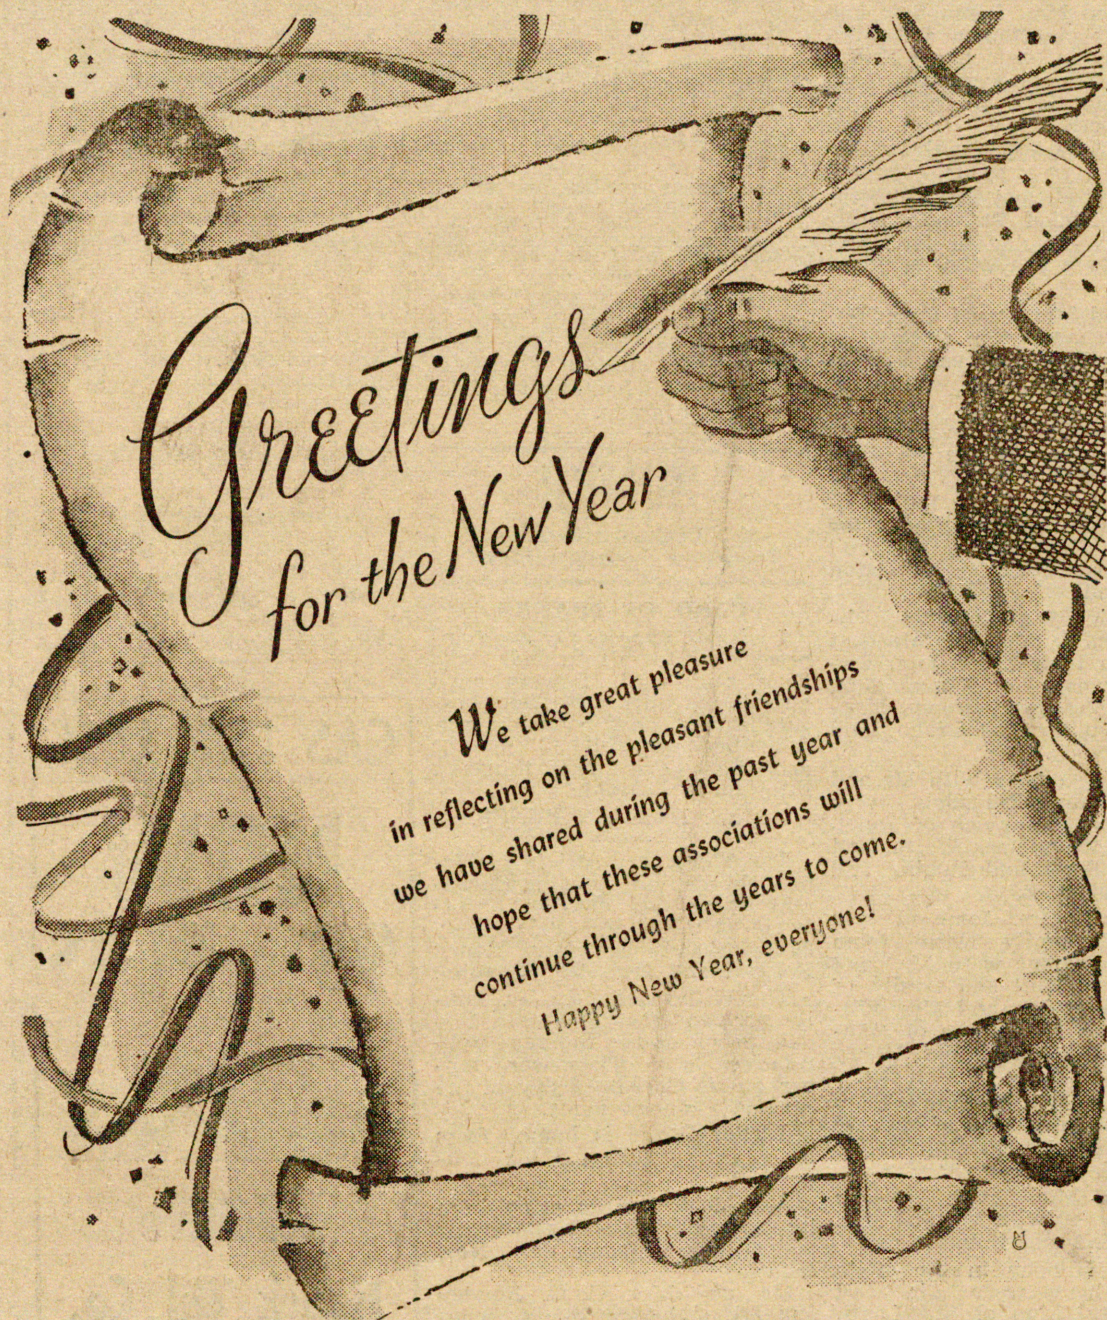

A new course will be offered in the business education department. Dictation—A student, regardless of the method of shorthand he knows, may enroll, providing he can take 50 words a minute in his present system. Dictation and transcription of business letters and articles from current literature is emphasized in this course. Rate of dictation will be up to 120 words a minute. A student should type at least 30 words a minute; however, if he wishes he may enroll in the advanced course in order to bring up his speed.

Mokena Lions Club Will Make Paper Drive Tonight

The regular monthly Mokena Lions club paper drive will be this Thursday evening, Dec. 29 starting at 7 p.m. Those wishing to participate in the drive should have their porch lights lit so the men will know where to stop.

law is clear that the tax rate limits are still in effect except for specific exemptions that have been made by the General Assembly.

According to Maurice Scott, attorney in charge of legal research on the Taxpayers' Federation staff, any county clerk who does not follow the tax rate limit laws in computing tax bills, would be liable to suit under the Hodge-Downing law. "In view of this opinion by Attorney General Latham Castle, the top legal officer in Illinois, and in view of recent Illinois Supreme Court decisions unholding provisions of the tax rate limit laws, there can be no excuse for any county officer who does not follow the mandate clearly set forth in the tax rate limit laws," Scott said. "Obviously, any taxpayer should pay under protest any portion of his tax bill which is in excess of the maximum authorized by the tax rate limit laws."

Mokena Woman Hospitalized After Automobile Crash

Mrs. John Hubler, of 195th and 114th ave., Mokena, is in Silver Cross hospital, as a result of injuries suffered in an automobile accident Dec. 16, at the intersection of U. S. Route 45 and 143rd st., Orland Park. Mrs. Hubler was driving to Chicago, and a neighbor, Mrs. Raymond Michael and the latter's son, Mickey, were passengers.

Mrs. Hubler stopped at 143rd st., because of cross traffic and her car was struck from the rear by a car driven by a Japanese who resides in Highland Park, Ill. He was quoted by Mrs. Hubler as saying that the brakes on his car failed to hold. Mrs. Hubler said she had been driving about 35 miles an hour and came to stop gradually and that apparently the other car was traveling too fast.

She blacked out momentarily and the driver of the car that struck her automobile came to her aid. Her car was not disabled and she continued her journey. She noticed pain in her arms and shoulders but did not go to the hospital until last Friday. By that time the pain was intense.

Examination at the hospital revealed several broken ribs and torn muscles and ligaments in both shoulders. On Tuesday of this week x-rays were taken of her head and neck but the report on them is not available yet.

Frankfort Boy Sings Solo Roles With Army Choral Group

Mr. and Mrs. Wallace Weichbrodt of Frankfort have received word that their son Pfc. Sherrill, who is stationed with the army in Germany, was soloist with the Monthel Barrack chapel choir at the Christmas program.

Pfc. Weichbrodt is detailed in the court and board office of the 39th infantry regiment since arriving in Germany last April.

Attempted Break-in At Frankfort Fails

An attempted break-in at the Frankfort Hardware store was discovered last Friday morning when the place opened for business. A hole had been made in one of the windows, just above the latch and the latch had been turned.

Apparently the burglar had been frightened away before he had opportunity to gain entrance.

A University of Illinois veterinarian says that winter dysentery in dairy cows seldom causes death, but it may cut milk flow to less than half of normal.

Fire Damages Mokena Home

Fire, which apparently started on the second floor, burned down thru the ceiling in the kitchen and living room at the home of Elmer Raske, 193rd st. and 116th ave., in Sunny Acres, yesterday (Wednesday) afternoon. Damage was estimated in excess of \$2,000.

The flames were quickly checked by the Mokena volunteer firemen who responded to the alarm turned in by Mrs. Raske. She was in the kitchen when she heard a rustling noise overhead and looking up saw smoke and then a tongue of flame.

Mrs. Raske ran upstairs and attempted to smother the blaze with a tarpaulin but was unable to withstand the heat and smoke. She ran next door then and called the fire department.

Origin of the blaze was not immediately determined.

Plan Many Parties To Greet New Year In Homes, Taverns

Many parties are planned in the area to greet the New Year when it arrives at midnight Saturday night.

Quite a few of them will be held in private homes, as families and friends get together for the occasion. And of course there will be many folks who will celebrate the arrival of 1956 in public places.

Several cafes and taverns in the area plan special events for New Year's eve.

At Tinley Park there is to be a big party at Saenger's ballroom which will include dancing to a 10-piece orchestra, supper, hats, favor and noisemakers. Because of the limited seating capacity reservations are necessary.

The Veterans of Foreign Wars at Tinley also is planning a New Year's party with food, and refreshments.

In the Mokena and Frankfort areas The 6 and 7, a cafe at 159th and Wolf rd., is offering its facilities for celebrants of the New Year, and there will be parties in several of the taverns, including the G. & T. tap on Rt. 30 at Lincoln Estates, Krem's Korner, at Wolf and LaPorte roads, Muehler's tavern in Mokena and the Frankfort tavern in Frankfort.

Judges have to listen to some flimsy excuses from prospective jurors who wish to be excused, but the Chicago Motor Club reports a very valid one. Recently, a Pontiac, Ill., man who was served a summons to appear on a jury in a drunk driving case nearly fainted the judge when he said, "I can't take the job, I'm the defendant."

Believe Stroke Caused Death of Peotone Woman

Miss Emma Sangmeister, 54, who kept house for her brother Emil in Peotone township, was found dead in her bed by him Tuesday morning, Dec. 27. She had been under a doctor's care for high blood pressure and it was believed she had suffered a stroke while asleep that caused her death.

Born Feb. 2, 1901, the daughter of the late Christ and Katherine Sangmeister, she lived all her life in the same farm home.

Surviving are two sisters, Mrs. Herman Reimers, Celis, of Frankfort, and Mrs. August Bottenhausen, Rose, of Tinley Park; four brothers, Emil, Clarence, Milton and Edwin all of Peotone. Another brother passed away two years ago.

Funeral services will be held Friday, Dec. 30 in the Green Garden Methodist church at 2 o'clock with the Rev. John Vauvau officiating. Burial will be made in the church cemetery.

Injuries Suffered In Car Crash Fatal To Emily Ohlendorf

Miss Emily Ohlendorf, 40, of Beecher, was fatally injured shortly before noon yesterday, Dec. 28, in a two-car collision at 34th st. (Steger rd.) and the Calumet expressway. She was taken to St. James hospital, Chicago Heights, in the Gerardi ambulance, where she was pronounced dead on arrival. Two others were injured.

The inquest probably will be held at the Gerardi funeral home tomorrow. The body was taken to the Hack funeral home in Beecher.

The accident occurred just inside the Will county line. Miss Ohlendorf was a passenger in a car traveling south on the expressway, driven by her brother, Arthur 44. At the intersection of 34th there was a collision with a car driven east on 34th by Lewis Heldt, 16, of Rt. 2, Crete. Heldt told State Police Officers Anthony Adamitis, Francis Pazzera and Francis Jedlicka that he had halted for the stop sign at the expressway but he was given a ticket on an open charge pending the outcome of the inquest.

Heldt is said to have a possible skull fracture and possible internal injuries. He is being held at St. James hospital. Arthur Ohlendorf was treated at the hospital for shock and then released.

Miss Ohlendorf was a music teacher.

Sees Boom In Social Security After Jan. 1

"Business beyond all previous records" will be the report the Joliet social security administration office will be making after Jan. 1, according to Harold Whiteside, manager at Joliet. There was a slight lull in business before Christmas, Whiteside said but points out that this has been the "normal" in social security for several years.

The heavy business after the first of the year will be due to two new factors, according to Whiteside. The first one is that the farmers are going to be getting ready to make their first social security reports. They will be applying for social security numbers and getting information on how the reports are made. They are also wanting to know about the benefits payable. A few of them are actually going to qualify for benefits and expect to retire.

The second reason for the rush of business is the new provision requiring those receiving benefits to make a special report if their earnings are more than \$1200 for 1955. This provision applies to earnings from any employment or business whether it is covered by social security or not. Those who have reported that their earnings will exceed \$1200 for 1955 will receive a report form in the mail the first week in January. This must be completed and returned by March 15. Whiteside said that those receiving the report forms should complete them and return them by mail if at all possible. Those people receiving benefits and who will have earned over \$1200 in 1955 but who do not receive the form through the mail, should request one from their nearest social security office. If they feel they must have help, he suggests that they wait a week before coming to the district office or to any of the itinerant offices in outlying counties. This will avoid having to wait a long time to get help.

Whiteside also reports that people will get better service in his office if they come in any day except Monday. He has about twice as many callers on Monday as on other days of the week.

Puts New Phone Service Into Use

The new telephone system—dial—for the Orland-Palos-Worth area was put into service recently and the first call was made by Acting Mayor Roy B. Howard (right) of Palos Park. In the center is W.T. Clarke, Illinois Bell manager, who checked his watch to record the time of this first call. It was 12:57 a.m. Dec. 18. The picture was taken in the telephone company's new plant at Palos Park which houses all the equipment necessary for the operation of a dial system. An open house was held at this plant prior to the cutover from the operator-operated system to the dial. Some 4,000 subscribers were effected by the change.

CHRISTIAN SCIENCE CHURCHES

How lasting peace and harmony may be gained through steadfast trust in God's goodness and power will be brought out at Christian Science services Sunday, January 1.

The Lesson-Sermon entitled "God" will consist of readings from the King James Version of the Bible and correlative selections from "Science and Health with Key to the Scriptures" by Mary Baker Eddy, the Discoverer and Founder of Christian Science.

Also emphasizing the availability of God-given harmony

and goodness are correlative passages to be read from Science and Health including the following (515:22): "All that God imparts moves in accord with Him, reflecting goodness and power."

Sell \$325 In Tickets

Robert C. Taylor has just announced the unofficial figures for ticket sales of the recent Christmas concert.

The band sold approximately \$180 worth of tickets while the chorus sold about \$145. It was previously agreed that the group turning in the most money would entertain the other at a party in the near future. Since the chorus was outbid by the rival band, they will give a party for the band. The date has not been definitely set as yet.

Christmas At Lincoln-Way

The students at Lincoln-Way in keeping with the holiday spirit have helped decorate the windows in the interior and the exterior of the building. Mr. Kruzich's industrial arts classes have hooked up colored lights above the three front entrances and a Christmas tree that lights up above the main entrance. There is also a Santa Claus, sleigh and reindeer on the roof of the school.

The windows are very beautifully decorated also. They are decorated with winter and Christmas scenes. Some are made of cellophane and construction paper, while others are painted on. One window which is especially eye-catching was made of cellophane and construction paper by Mrs. Hussey's geometry class. Made of all different colors, a picture of Mary and Jesus is the center of the scene. In the evening a spotlight is turned on and the colors and figures are projected against the walls and ceiling. Other windows have Christmas trees, Santa and sleigh, and scenes of Christmas in the country.

Happy New Year

Parties have been breaking out all over. Some clubs have had their parties in the evening, others during their regular time of meeting. Refreshments ranging from pop and cookies to barbecues have been on the menu. Many gifts have been exchanged, the sort and method varying from one club to another.

The F.H.A. girls have made over a hundred dozen cookies for the Student Council dance Wednesday night, parties and classes. Candies of all sorts have appeared around the building.

School was in regular session Wednesday of last week during the forenoon. A Christmas program at 1:30 climaxed the day. At the conclusion of the program, school for the year 1955 was terminated. Students and teachers will be back in their regular places to begin a new year on January 3, 1956.

Lincoln-Way Staff Party

Members of the Lincoln-Way staff and their guests shed all semblances of the pedagogical robes Sunday evening, Dec. 18 and entered into the holiday spirit by feasting and making merry.

The pine-scented, candle-lit cafeteria, the result of the decoration committee's holiday touch provided the setting for the feasting—a buffet dinner. The menu, planned and prepared by members of the Food Committee, consisted of baked ham, candied sweet potatoes, buttered peas and beans, relishes, apple sauce, hot rolls and butter, coffee and tea, and pumpkin pie and whipped cream.

After a leisurely eaten dinner, while the clean-up committee (assisted by several last-minute volunteers) was happily functioning, others relaxed by chatting or singing.

The entertainment committee was well stocked with activities for the remainder of the evening. The staff was divided into four groups for the group relays and charades that followed. A little less exhausting, but yet very interesting, was the ten-cent grab bag exchange. Appreciation gifts were presented to Mr. Chapman and Dr. Wright on behalf of the group.

In an effort to get together socially from time to time, the faculty social committee has planned several "koffee klatches" after school events. These are informal come-and-go get-togethers. A different committee is in charge each time.

The meditation closed with the candle lighting ceremony when the pastor lighted his candle at the altar candle and each person coming forward with their candle that had been given them on entering the church. After the individual candles had been lit from the pastor's candle each returned to their place in the church for the benediction. It has been stated that it was a most fitting way to observe the memory of the waiting for the birth of the Christ Child.

Reminds Farmers Of Social Security Due on Cash Wages

Farm employers are reminded that social security taxes apply to cash wages paid to every farm worker to whom the employer pays \$100 or more cash wages during the year 1955. The taxes (2 per cent employer tax and 2 per cent employee tax) apply only to cash wages paid to covered farm workers, according to an announcement made by Delbert J. Luippold, acting district director.

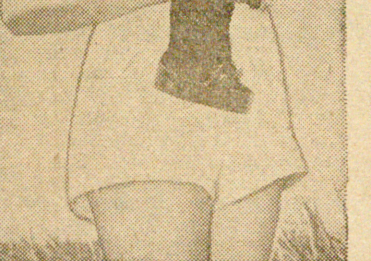

Every farm employer who owes these taxes must file a return on Form 943, and pay the taxes, on or before Jan. 31. Farm employers should file their returns on time in order to avoid the penalty which may be charged for late filing.

Any employer of covered farm workers who has not already registered with the district director's office should do so at once. The registration form SS-4 can be obtained from any internal revenue or social security office. The district director will mail the necessary return forms and instructions to all registered employers.

Tinley Park Woman's Club Holds Annual Christmastide Luncheon

There's no gift as real as the gift of friendship and that is what was exchanged by members of the Tinley Park Woman's club and their guests when they met for their annual Christmas luncheon on Wednesday. The club's Christmas projects having been previously accomplished they were ready to enjoy a party for themselves.

Mrs. Voris Miller, president, opened by reading a Christmas prayer and then invited all to partake of the delicious foods on the buffet table that had been prepared by a caterer.

The tables around which all were seated were gay with snowmen, red and green candles, evergreens and glittering sleighs filled with colored ornaments, and with a Christmas corsage at each plate.

Mrs. Melvin Rensink, music chairman, presented the program and accompanied the guest soloist, Mrs. Bernard Ercius, who sang two numbers after which everyone joined in singing the traditional carols.

The guests who were introduced by Mrs. Miller were Mrs. Benton L. Moore, Mrs. James Marshall, Mrs. Bernard Ercius, and Mrs. Adrian Gustafson, the latter from Chicago.

Prizes were won by Mrs. Frank Krauss, Mrs. John Panozzo, Mrs. Voris Miller, Mrs. John Swisher, Mrs. Bernard Ercius and Mrs. James Marshall.

A phantom traffic cop roamed the streets of Salisbury, R. I., recently. A local police station was flooded with citizens waving tickets signed by the phantom officer. It seems a traffic policeman lost a book of tickets and the book's finder had great fun filling out the tickets and distributing them.

Thunder Bird

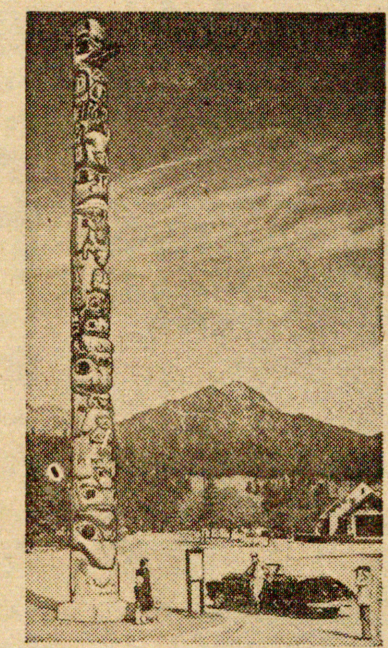

Photo: Courtesy Canadian National Railways
The "Thunder Bird" totem pole at the Canadian National Railways station at Jasper, Alta., is not only of great age, but is one of the finest totem poles in existence. The giant colorful pole, 60 feet high, was brought to Jasper from the Queen Charlotte Islands where it was carved by the "Masset-Inlet-Town" people. According to the Indians, the mythical bird has the power to produce thunder and lightning. FNS

Chevrolet's taught dynamite good manners!

With its frisky "Turbo-Fire V8," this Chevrolet is pure dynamite. But it's beautifully mannered, too—quiet, instantly obedient to your slightest signal!

Nudge the accelerator and you're aware of the split-second chain reaction of your toe to the "Turbo-Fire"! There's your dynamite—with horsepower ranging up to a high of 205. The car is built for its power, too—with a low, low center of gravity, well distributed weight and wide-apart rear springs. There's your stability, and safer handling! All doors have safety latches—and instrument panel padding and seat belts are available at extra cost. Directional signals are standard. Come in and try a new Chevrolet!

Recently, a Pontiac, Ill. man who was served a summons to appear on a jury in a drunk driving case nearly fainted the judge when he said, "I can't take the job, I'm the defendant."

Most losses in sheep and cattle from overeating result from starting them too fast on grain, says a University of Illinois veterinarian.

Study of Dairy Herd Improvement association records shows that high-producing sows are the only ones dairymen can afford to own.

LINCOLN ESTATES

The Arts and Crafts club of Lincoln Estates held its Christmas party on December 17th, at the home of Mrs. G. S. McWhorter.

The class of 23 teen-agers had completed four gifts each, and Carol Scott Newgren of Chicago selected the prize winners.

Winners for the best earring trees were Judy Wheeler, first prize; Anne Cummings, second prize. Wall plaques, Gail Carr took first prize and Karen Ritt second prize. For sweater pins, Nancy Mc Donald took first prize and Betty Chapman second. Beverly Kluth won first prize for her blotter pad and Rosemary Ritt received second prize.

These girls are being taught to use natural materials which are available all around them, as substance for beautiful gifts. They use twigs, dried weeds, corrugated paper, wall paper and bits of felt and other materials for fashioning attractive gifts.

GREEN GARDEN

Mrs. Katharine Heisner
Frankfort 4902

Mrs. Mary Lorenzen is visiting her son and family, the C. W. O. Virgil Lorenzen's, at Alcola, Tenn., during the holidays.

The Christmas program given by Dist. Unit 207U last week was held in the town hall Monday afternoon and again on Tuesday evening due to the crowded conditions existing when it is held on one night only. A very large crowd was there each time it was given. A sale held by the PTA of Christmas goodies, candy, cupcakes etc. proved a successful one.

Mrs. Lloyd Schmidt entertained her pinocchio club last Wednesday afternoon. Honors were won by Miss Lillian Miller and Mrs. Earl Bettenhausen. Secret pals were revealed with a Christmas gift. The next meeting will be at the home of Mrs. Harry Waldhauser Jan. 18.

The Always Faithful class party was held last Wednesday evening in the home of Mrs. Emil Andres. Other hostesses were Mrs. Earl Bettenhausen, Mrs. Alfred Krapp, Mrs. Chester Steinberg, Mrs. Dewey Andres and Mrs. Wesley Bettenhausen. Mrs. Edwin Dralle, president, presided and also conducted the devotions. Mrs. Fred Bettenhausen, program chairman, presented a Christmas program. Christmas carols were sung and later a gift exchange held. Mrs. Dralle was also presented a gift from the group. A buffet luncheon was served.

Christmas Guests
Mr. and Mrs. Albert Steinberg had as their guests, Mr. and Mrs. Earl Bettenhausen and daughter, Mrs. Mary Bettenhausen and Mr. and Mrs. Chester Steinberg and family of New Lenox.

Mr. and Mrs. Harold Ullrich entertained at dinner Sunday. Mr. and Mrs. Gilbert Schumli, Mr. and Mrs. Adolph Ullrich, Mr. and Mrs. Henry Schweisow and family, and Mr. and Mrs. Howard Kline and family of Mokena.

Mr. and Mrs. Leslie Koenig and children and Henry Ross were guests in the Fred Mager's home in Mokena Sunday.

Mr. and Mrs. Charles Krapp

Wetherby's name will go on the Republican ballot in the primary election April 10, 1956.

His announcement follows the declaration of Morton J. Hollingsworth of Joliet that he will be a candidate for delegate. The 15th District, which includes Boone, DeKalb, Kendall, Grundy, Will and La Salle counties, will name two delegates.

Wetherby was born in Athol, Mass., and has resided in Ottawa since his graduation in 1922 from Valparaiso University as a civil engineer.

He was employed by the Illinois State Highway Department for 12 years. Since that time he has been engaged in the general contracting business.

Although Wetherby did not comment on potential candidates for the Republican nomination for president, he has been active in Republican activities and in supporting Republican candidates in Illinois for many years.

He did say, however: "I am proud of the peace-time prosperity that this country enjoys under the present administration."

Although this is his first bid for office in the Republican party, both he and Mrs. Wetherby have worked for the party.

Wetherby is vice chairman of the Illinois Republican Veterans' League and has served many years on the La Salle County Republican Finance Committee.

Mrs. Wetherby is membership chairman of the Illinois Federation of Republican Women and also a member of the national membership committee of the organization.

Bremen Divides Wrestling Cards -- Will be Host to Joliet Jan. 6

Coach Art Suchomel's Bremen high grapplers gained an even split in wrestling competition last week.

After being edged out 23-18 by the Oak Lawn Spartans, defending conference champs, Thursday, Dec. 15, the Braves chalked up a decisive 35-8 win at Oak Park the following Saturday.

Trailing 20-18 in the final match, the Bremen mat men seemed headed for their fourth straight triumph, as sophomore heavyweight Ed Teichman was leading his goliath opponent 2-1 with a minute and 18 seconds remaining. Bill Clarke, however, turned the tide and won the struggle on a last minute reversal.

At Oak Park the Braves dropped but two of twelve encounters to gain their fourth verdict in five starts. Jumping off to an early 16-0 lead, the Bremenites never were headed by the Oak Park matsters.

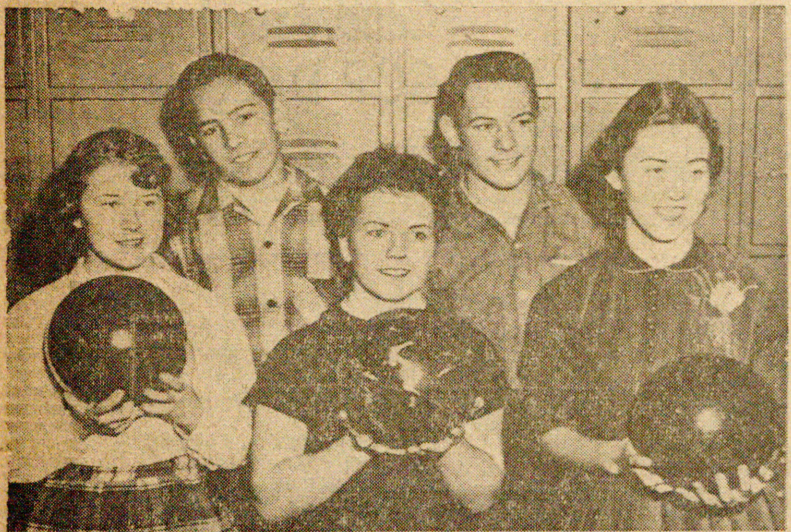

Brightspots in the Bremen line-up were Mack Jerkatis, 145 pounder, and Jack Ruiter, 120 lbs., who wrestled to their fifth consecutive wins without a set-back.

Bremen faces Joliet Sat., Jan. 6, at 7 p.m. in its next home tilt.

Victors against Oak Lawn: Jim Gruhn, 103 lb. class decision; Jack Ruiter, 120 lbs., decision; George Avellano, 138 lbs., pin; Mack Jerkatis, 145 lbs., pin; Victors against Oak Park: Oda Drake, 95 lbs., pin; Jim Gruhn, 103 lbs., pin; Joe Ciserella, 112 lbs., decision; Jack Ruiter, 120 lbs., pin; Norm Scharlau, 133 lbs., decision; George Avellano, 138 lbs., decision; Mack Jerkatis, 145 lbs., decision.

Joe Fiddler, 165 lbs., decision; Bob O'Brien, 175 lbs., decision.

Teen Kegler Winners

This group of young bowlers are winners in the recent singles and doubles rolled at the Tinley Park lanes by Teen Ager league members.

In the top row (left) is Robert Goetch whose 593 was top score in the singles. Goetch teamed up with Edward Simpson (right) in the doubles and the two put together the respectable score of 1120.

Winners in the girls division are Judith Coley (left) who took the singles with a 461, and the pair to capture the doubles are Peggy Gallagher (center) and Rae Moschel (right) who rolled 857.

Those pictured here were among the many who participated in the tournament. But the Teen Ager with the top count this year—so far—is Tom Jeffers of 17502 S. 65th ave., captain of Team No. 4. In regular league play, Dec. 11, young Jeffers won a chevron for high series with a 618 in which his high game was 256, which brought him the high game trophy (Leland photo)

Braves Lose to Oak Lawn Five, Beat Evergreens

After dropping a 78-61 conference tilt at Oak Lawn Dec. 16, the Bremen high Braves bounced back on their home court to drub Evergreen Park 80-58 Dec. 17.

Against the Spartans of Oak Lawn, the Braves kept pace throughout the first half and trailed by only two markers, 37-35.

In the third period, the Spartan sharpshooters connected for 22 points while Bremen dumped in but ten tallies on four field goals and two free throws. This proved to be the contest's turning point.

Going ahead 19-14 in the first frame, the Bremen cagers never were headed by the Evergreen Park Mustangs.

Both quintets poured the points thru the hoop in the final period with Bremen holding a 62-23 edge and a decisive 80-58 Southwest Suburban conference verdict.

Bill Lindsay notched up a total of 50 markers for Bremen in the two contests. In a frosh-soph competition, Cash Emil Lussow's junior Braves chalked up 67-13 and 69-39 wins over the Oak Lawn and Evergreen Park tyros respectively.

Sportabout

by JACK MAYPOLE

War, which always has had a definite influence on the development of sporting guns, again has made itself felt in the shotgun field.

For several years shotgun development has been on a plateau. This is noticeable in that, for single barrel guns, the introduction of a 28-gauge is about the only new thing to be offered and that, just by one manufacturer.

However the veteran firm of Mossberg & Sons, Inc., has taken cartridge feeds, bolt locks and ejection mechanisms developed during World War II and has adapted them to a new 200 series shotgun to come up with a highly satisfactory pump gun.

This very new shotgun, moderately priced, features a one-piece stock and box magazine, unique in pump guns. The action operates with such startling ease that it gives a feeling that there is no bolt at the rear. This is because the bolt lock is held out of engagement by a very strong spring. This makes it so there is no unlocking action to be done by the bolt slide and the familiar "drag" is absent.

Other innovations are a safety cam that locks the bolt in a forward position only and a cocking action that scarcely is noticeable. These changes reduce operating friction to a new low. Safety features built into the action keep the gun from being fired unless the bolt is clear

forward. A slide lock prevents inadvertent opening in carrying or operation.

We feel mention of the maker is worthy in this case because Mossberg guns are widely distributed and this is the first shotgun we have encountered in a long time that brings high priced action features in a medium price field where most of us buy.

MILLIONS TO SEE FAMED ROSE PARADE ON JANUARY 2

THIS TYPICAL ENTRY in an early Pasadena, Calif. Rose Parade is a far cry from lavish floats of today. Some 60 million persons will see the famed pageant on Jan. 2, when NBC telecasts it nationally.

ONLY FRESH FLOWERS and greenery may be used on floats. A single float may cost \$20,000 and use 300,000 flowers—all hand-attached by corps of workers during the day and night preceding the Parade.

PRESENT-DAY FLOATS are products of skilled artists, designers and craftsmen. The metal frame is covered with chicken wire, sprayed with plastic "cocooning," then covered with flowers.

ADDED DELIGHT to viewers of the Rose Parade are the bevy of beauties, shapely majorettes, smart bands and equestrian units. Parade starts at 9:15 a.m., Pacific Standard Time, and lasts two hours.
